<b>Total</b>		<b>39</b>

\* TP # 278-R2, 1969; 1975; SY 1979-1980; AR, 2012-2013

\*\* PAASCU Level II Re-Accredited Status (December 2016-November 2019)

\*\*\* The number of bridging courses may vary based on the work experience and academic background of the applicant.

## CORE

### **GED 7101 Psychological Foundations of Education**

Deals with the application of psychology to education, the determinants of behavior, how students learn, the transfer and management of learning, emotional, physical, and social factors in learning, and teacher-student relationships. (3 units)

### **GRR 7501 Statistical Methods Applied to Research**

Fundamentals of statistics as applied to master's degree research, including population, sample, parameter, statistics, and variable; the branches of statistics, sources of data, sampling concepts, sample selection methods; analysis and interpretation of data using statistics software (3 units)

### **GRR 7502 Research Methods across Disciplines**

Methods and designs, concepts, processes, tools and interpretation of results of research in different disciplines (3 units)

### **GED 7200 Multimedia in Education**

Is critical in the implementation of blended learning; It involves use of online learning and teaching tools to deliver teaching content with available and relevant educational technologies (3 units)

## MAJOR

### **GPE 7103 Foundations of Physical Education**

The development of the philosophies of physical education and the effect of changing principles and practices on curriculum making; the nature and scope of physical education (3 units)

### **GPE 7106 Mechanical Analysis of Motor Skills**

The anatomical and mechanical analysis of human motion (3 units)

### **GPE 7104 Current Trends and Problems in Physical Education, Health and Recreation**

Analysis of current trends and problems in health, physical education and recreation and their effect on contemporary physical education programs. (3 units)

### **GPE 7105 Advanced Organization and Administration of Physical Education**

Principles and procedures in the organization and administration of various phases of the physical education program in schools; principles and techniques in the improvement of learning in physical education through more effective supervision. (3 units)

### **GLN 7109 Principles of Curriculum Construction in Physical Education**

Foundation, principles and practices in curriculum development in physical education for various school levels; comparative study of programs of physical education in selected educational levels and in selected countries; construction of syllabi for different physical education activities suitable for different grade levels. (3 units)

## ELECTIVE

### **GLN 7107 Adapted Physical Education**

The organization and administration of programs of physical education for a typical students; a detailed study of specific abnormalities commonly found in a school population with recommended procedures for accommodating these students in the physical education program. (3 units)

### **GLN 7109 Creative Teaching in Physical Education**

Creativity in the teaching process and in the preparation of materials of instruction constitutes the core of the subject which is specially demonstrated in the practicum phase (3 units)

### **GPE 7200 Intramural Sports**

A comprehensive treatment of the organization and administration of an Intramural Sports Program applicable to different settings. (3 units)

### **GPE 7201 Community Recreation**

Aims to give students a comprehensive background of recreation in the Philippines; problems of organization and administration of community recreation in the rural and urban settings are discussed and suggested solutions are taken up; leadership is developed through actual organization of community recreation. ((3 units)

### **GPE 7202 Research in Physical Education**

Various methods and techniques of educational research as they are commonly applied in the field of physical education; study of examples of their use in published research. (3 units)

### **GPE 7203 Measurement and Evaluation in Physical Education**

Selection and administration of appropriate tests and measurements in physical education; interpretation of data by fundamental statistical procedures; laboratory work in practical application of tests and measurements that physical educators may use in evaluating physical fitness, sports skills, knowledge and skills in physical education as well as methods of classifying students for physical activity. (3 units)

**GPE 7204      Sociology in Sports**

Concerned with understanding and explaining social behavior in a sports context. As such, sports is studied as a social system which is interdependent with culture and society, and as a social institution which is related to, or a part of other basic institutions such as, the family, education, religion, the economy, policy, and mass media. (3 units)

**GRR 7700      Comprehensive Examination**

Prerequisite: Completion of all course work. (0 units)

**GRR 7903      Action Research**

Research designed to diagnose education problems or weaknesses to help educators solve them practically, quickly and efficiently (3 units, Prerequisite: Completion of all course work)

**GRR 7904      Case Writing in Education**

Writing reports on analysis of cases in education (3 units, Prerequisite: GRR 793)
